# Hazelwood House

Secure Mental Health services

A REAL AND LASTING DIFFERENCE FOR EVERYONE WE SUPPORT

Hazelwood House is a low secure unit for men with a learning disability, including those with co-morbid personality disorders, mental illness and autism spectrum condition.

It is a well-established service in the Midlands that works with patients with intellectual disabilities to reduce their risk, build and consolidate core skills and promote relapse prevention strategies. Patients are able to focus on the application of therapy in real-life, everyday settings and to develop skills for supported or independent living in the community.

## Service overview

---

Interventions at Hazelwood House aim to help the patient to understand the effect of their behaviour on others, to help them to manage the impact of external triggers on their behaviour and ultimately to promote the concept of recovery.

Our model of care explicitly acknowledges and supports the issue of change (or readiness for change) and this is essential for successful engagement and treatment. When stability is achieved, patients engage in appropriate treatments to meaningfully focus on reducing the risk of relapse and can help to reduce length of stay in secure care.

Hazelwood House is a 14-bedded unit, which includes:

- **En-suite bedrooms with plenty of storage space for personal belongings. There is a television in each bedroom (a DVD player can be requested)**
- **Lounge area with televisions**
- **Dining room for patients to socialise and eat meals together**
- **De-escalation and seclusion rooms**
- **A gym**
- **A multi-faith room**
- **A computer room**
- **Outdoor social areas and a secret garden**

## Patient profile

---

Hazelwood House is suitable for patients that fit the following profile:

- Men aged 18 years and over
- Presenting with a learning disability
- Presenting with mental illness or personality disorder
- All patients are formally detained under the Mental Health Act
- May have complex needs or dual diagnosis

“There are lots of good opportunities at Hazelwood, like working and getting paid.”
